**Annual Report of**  
**ARKANSAS RIVER COMPACT ADMINISTRATION**  
(1953)

Report-Year November 1, 1952, to October 31, 1953

TO: THE PRESIDENT OF THE UNITED STATES AND THE  
GOVERNORS OF THE STATES OF COLORADO AND  
KANSAS.

Sirs:

Pursuant to Article VIII of the Arkansas River Compact, the Arkansas River Compact Administration submits its report for the report-year November 1, 1952 through October 31, 1953 as follows:

**1. *Members of the Administration***

Representative of the United States:

Hans Kramer (Brig. General U.S.A.—Ret.)

Colorado Representatives:

Ivan C. Crawford, Denver, Colorado (From March 1, 1953)

R. M. Gildersleeve, Denver, Colorado (Oct. 31, 1952-Feb. 28, 1953)

Harry B. Mendenhall, Rocky Ford, Colorado

Harry C. Nevius, Lamar, Colorado

Kansas Representatives:

William E. Leavitt, Garden City, Kansas

R. V. Smrha, Topeka, Kansas

Roland H. Tate, Garden City, Kansas

**2. *Officers of the Administration***

Chairman—Hans Kramer (Brig. General U. S. A.—Ret.) as required by Article VIII C of the Compact.

Vice-Chairman—William E. Leavitt of Garden City, Kansas.

Secretary—Harry C. Nevius of Lamar, Colorado.

Treasurer—Harry C. Nevius of Lamar, Colorado.

**3. *Standing Committees***

Administrative and Legal Committee:

From Nov. 1, 1952 to July 28, 1953.

Roland H. Tate of Kansas.

From July 28, 1953 to Oct. 31, 1953.

Roland H. Tate of Kansas (Chairman) and Harry C. Nevius of Colorado.

Engineering Committee:

From Nov. 1, 1952 to July 28, 1953.

R. V. Smrha of Kansas (Chairman) and Harry C. Nevius of Colorado.

From July 28, 1953 to Oct. 31, 1953

R. V. Smrha of Kansas (Chairman) and Ivan C. Crawford of Colorado.

Operations Committee:

From Nov. 1, 1952 to Oct. 31, 1953.

Harry B. Mendenhall of Colorado (Chairman) and William E. Leavitt of Kansas.

Hans Kramer, Representative of the United States is ex-officio member of all standing committees.

4. *Meetings*

December 9, 1952	Lamar, Colorado	Annual Meeting
April 2, 1953	Garden City, Kansas	Special Meeting
July 28, 1953	Lamar, Colorado	Regular Meeting
October 27, 1953	Lamar, Colorado	Special Meeting

5. *Fiscal*

(a) Balance on hand Oct. 31, 1952 Auditor's Report.....\$3,446.95

(b) Receipts 12-31-52—Nat'l Surety Co. Secy.

Bond Reduction ....\$ 18.77

9-18-53—Colorado Payment,

July 28 Coll. .... 1,440.00

10- 8-53—Kansas Payment,

July 27 Coll. .... 960.00

2,418.77

Total .....\$5,865.72

(c) Disbursements by the Administration—Nov. 1, 1952 to Oct. 31, 1953:

<i>Voucher No.</i>	<i>Date</i>	<i>Payee and Purpose</i>	<i>Amount</i>

110	10-20-53	Mtn. States T. & T. Co., Sept. Serv. & Tolls.....	24.40
111	10-20-53	Treas. of U. S., Deposit by states (F.O.A.S. Ins.).....	9.00
112	10-31-53	Secy. Salary, Oct. (less \$1.50 F.I.C.A.).....	98.50
	10-31-53	Mtn. States T. & T. Co., Oct. Serv. & Tolls.....	10.20
			\$2,265.65

(d) Balance on hand October 31, 1953.....\$3,600.07

(e) On October 27, 1953, the Administration approved a budget for the fiscal year July 1, 1954 to June 30, 1955, for transmittal to the Governor of each of the States of Colorado and Kansas in accordance with Article VIII E (2) of the Compact as follows:

Personal Services .....	\$1,825.00
Secretary Salary .....	\$1,200.00
Social Security .....	25.00
Gage Reports .....	500.00
Professional Services .....	
(Audit of Accounts).....	100.00
Capital Outlay .....	300.00
Maintenance and Operation.....	1,675.00
Bond, Treasurer .....	25.00
Printing .....	600.00
Official Publications .....	100.00
Travel Expense—Secretary and Employees....	150.00
Typing and Mailing.....	200.00
Investigations—Inspections .....	150.00
Telephone—Telegraph .....	300.00
Office Supplies .....	150.00
TOTAL BUDGET proposed for 1953-54.....	3,800.00
Estimated carry-over as of June 30, 1953.....	1,400.00
Total to be appropriated by Colorado-Kansas.....	\$2,400.00
To be appropriated by Colorado 60%.....	1,440.00
To be appropriated by Kansas 40%.....	960.00
	\$2,400.00

(f) Pursuant to provisions of the Compact (Article VIII E (3)) and of the By-Laws of the Administration (Article VII (5)), the receipts and disbursements of the Administration have been audited for the period commencing November 1, 1952 through October 31, 1953, the end of the Report-year. The report of such audit is hereto attached as Appendix A.

## **6. *Cooperative Studies and Activities***

- (a) Article VIII-G (1) of the Arkansas River Compact requires the Administration to cooperate with the Chief Official of each of the States of Colorado and Kansas charged with the administration of water rights and with the Federal agencies in a systematic determination and correlation of the facts as to the flow and diversion of the waters of the Arkansas River and as to the operation and siltation of John Martin Reservoir and other related structures. Article VIII-G (2) requests the Director of the United States Geological Survey, the Commissioner of Reclamation, and the Chief of Engineers, United States Army, to collaborate with the Administration and with appropriate State officials in such determination and correlation of stream flow and related data. The carrying out of these cooperative studies and activities is assigned, under the By-Laws of the Administration, to the Engineering Committee.
- (b) During the period covered by this report the Administration has had the benefit of excellent cooperation from all agencies and officials referred to in the above provisions of the Compact. The United States Geological Survey has proceeded with the establishment and operation of Compact gaging stations, an activity which is covered in detail in Paragraph 8 of this report. The United States Geological Survey has also continued the compilation of hydrologic data which are presented in this report and which have been utilized in the administration of the Compact. The Corps of Engineers has continued to operate John Martin Reservoir in accordance with the provisions of the Compact.

## **7. *Water Supply, Reservoir Operation and Hydrologic Data***

John Martin Reservoir was empty at the beginning of the Compact year on November 1, 1952. Winter flow started to accumulate in storage on November 12, 1952, and continued to the opening of the irrigation season on April 1, 1953, at which time the reservoir contained 21,266 acre-feet of water. This is approximately 25% less than was accumulated in a similar period during the preceding year and nearly 60% less than was in storage at the same time a year ago. It constituted by far the smallest amount in storage at that time of the year since the Compact has been in effect.

While the winter storage season was exceedingly dry, the combined discharge of the Arkansas and Purgatoire Rivers near Las Animas during the irrigation season from April 1, 1953, to October 31, 1953, was 147,433 acre-feet. This, of course, is a very meager quantity also but nevertheless it was the largest amount of water produced from those sources during that time of the year since 1949. Nearly all of it occurred during the months of June, July and August.

Releases from the reservoir commenced on April 1, 1953, based upon the concurrent demands of both states and continued until the reservoir was empty on April 17, 1953. Water rights on the river in

Colorado then were administered by the State Engineer of Colorado according to their decreed priorities until July 13, 1953, when, as a result of a flash flood on the Purgatoire River following a local cloudburst on the night of July 11, 1953, a quantity of water was accumulated in the reservoir. Upon due notice being given to the State Engineer of Colorado, subsequent releases of water from the reservoir were made in accordance with the concurrent demands of both states during the period July 13 to 30, inclusive. The reservoir was empty again at the end of that time and administration of water rights on the river in Colorado reverted again to the State Engineer of Colorado. Early in August and during the last half of that month there were freshets on the Purgatoire River resulting in the temporary accumulation of some water in the reservoir. It was empty on August 30, 1953, and remained so to the end of the Compact year on October 31, 1953.

Releases from the reservoir during the period April 1 to 18, inclusive, and July 13 to 30, inclusive, amounted to a total of 59,100 acre-feet. Stateline flows during the corresponding periods amounted to 23,650 acre-feet.

During the period April 19 to July 12, inclusive, and July 31 to October 31, inclusive, discharge of the Arkansas River, reported as outflow from John Martin Reservoir, was 92,460 acre-feet and Stateline flow was 43,370 acre-feet.

The inflow, outflow and storage at the John Martin Reservoir and Stateline flow for the report-year are shown in graphs on Plate I.

Hydrologic data as listed below are presented in Appendix B:

- B-1. Daily discharges, Arkansas River near Pueblo, Colorado, monthly totals corrected for transmountain water.
- B-2. Daily discharges, Arkansas River at Las Animas, Colorado.
- B-3. Daily discharges, Purgatoire River near Las Animas, Colorado.
- B-4. Inflow into John Martin Reservoir.
- B-5. Daily contents, John Martin Reservoir.
- B-6. Outflow from John Martin Reservoir.
- B-7. Daily discharges, Arkansas River at the Colorado-Kansas Stateline.
- B-8. Daily discharges, Arkansas River at Garden City, Kansas.
- B-9. Demands by Colorado for water.
- B-10. Demands by Kansas for water.
- B-11. Stateline flows on days of Kansas demand.
- B-12. Diversions by ditches in Colorado Water Districts 14 and 17.
- B-13. Diversions by ditches in Colorado Water District 67.
- B-14. Diversions by ditches in Kansas, Stateline to Garden City.
- B-15. Summary tabulation.

## 8. *Gaging Stations*

The Compact gaging station on the Purgatoire River near Las Animas was reconstructed during the year. At the other Compact stations only minor repairs and ordinary maintenance were required.

The radio equipment below John Martin Dam and at the Stateline stations operated satisfactorily except for occasional periods of a day or two. The general satisfactory performance of this equipment and the necessity for more frequent gage reports from the inflow stations during flood periods points to the desirability of installing similar equipment at the stations on the Arkansas and Purgatoire Rivers at Las Animas. Such installations should be made when funds become available.

#### **9. Findings of Fact by the Administration**

(a) The Administration at a Special Meeting, called for the purpose on April 2, 1953, considered the short water supply and the time of notification to the State Engineer of Colorado under Art. VF of the Compact. As a result of such consideration the Administration passed a resolution giving notice to the State Engineer of Colorado of the impending exhaustion of water in the conservation pool stating the date of April 13, 1953, on which to administer the decreed rights of the water users in Colorado. This date was modified on April 11, 1953, to read April 14, 1953, and again modified on April 13, 1953, to read April 15, 1953. The reservoir was declared officially empty at 2:35 P.M. April 18, 1953.

(b) On July 13, 1953, the Administration gave notice to the State Engineer of Colorado that as of 2:00 P.M. that date there was stored 18,980 acre-feet of water in the reservoir and that water was available in the conservation pool for release to water users in Kansas and Colorado Water District No. 67 in accordance with the Compact.

(c) On July 17, 1953, the Administration again made Findings and gave Notification under provisions of the Compact that, as of the date July 21, 1953, the decreed rights of the water users in the State of Colorado should be administered under the terms of the Compact. This date was modified on July 20, 1953 to read July 25, 1953 and again modified on July 24, 1953 to read July 27, 1953. The reservoir was declared officially empty at 8:00 A.M. July 30, 1953.

The above Findings and Notifications are attached hereto in Appendix C.

#### **10. Changes in Personnel of Administration**

Following the death of Clifford H. Stone, October 22, 1952, Governor Dan Thornton of Colorado appointed R. M. Gildersleeve as Acting Director of the Colorado Water Conservation Board. By virtue of that appointment, Mr. Gildersleeve was a member of the Administration from November 1, 1952 to February 28, 1953.

Ivan C. Crawford was appointed Director of the Colorado Water Conservation Board of Governor Dan Thornton on March 1, 1953, and has been a member of the Administration since that date. The other Colorado representatives were reappointed by Governor Dan Thornton on May 27, 1953.

The present representatives from Kansas were reappointed by Governor Edward F. Arn to serve until June 7, 1957.

Respectfully submitted,

ARKANSAS RIVER COMPACT ADMINISTRATION

\* \* \* \*

AUDITOR'S REPORT

\* \* \* \*

ROBERT W. ROLLINS  
Certified Public Accountant  
La Junta, Colorado

December 15, 1953.

To the Representatives  
Arkansas River Compact Administration  
Lamar, Colorado

Gentlemen:

In accordance with your request, an examination has been made of the financial transactions of the Arkansas River Compact Administration for its fourth "Report year"—November 1, 1952 to October 31, 1953. The results of this audit are expressed in the attached Statement of Cash Receipts and Disbursements—Schedule I, page No. 4. The remarks that follow are offered as additional information and also tend to describe the extent of the auditing work performed.

**General Comments**

Schedule I, page No. 4, reflects the beginning balance of cash in bank, revenue assessments received from the States of Colorado and Kansas, other cash receipts, expenditures by classification and the ending balance of cash in bank.

As provided for in the budget of the Minutes of the Administration's Meeting of October 28, 1952, funds due from Colorado (60% share) of \$1,440.00 and Kansas (40% share) of \$960.00 were received for the fiscal year ending June 30, 1954 and deposited in the First National Bank in Lamar, Colorado, on the respective dates of September 18, 1953 and October 8, 1953. A refund from the National Surety Corporation in the amount of \$18.77 was deposited on December 31, 1952. This receipt was the result of reducing the \$10,000.00 protection to a \$5,000.00 coverage on the Treasurer's bond and was so authorized in the Minutes of the Administration's Meeting of December 9, 1952. Such action was taken by the Administration upon reviewing the maximum amount of funds which would be on hand at any one time.

All disbursements were made by checks drawn on the Administration's account at the First National Bank in Lamar, Colorado. The individual checks were examined for amount, signature and endorsement. The correctness of the amounts disbursed was verified to payees' statements, authorization of payment as evidenced in minutes of the Administration's meetings or other supporting evidence. Minutes of the October 28, 1952 Meeting that were unavailable for last year's audit, were examined this year.

The Secretary's salary for the current year of \$1,200.00 has been reduced by Old-Age and Survivors Insurance deductions amounting to \$18.00 or 1½% of the gross figure. It should be remembered, the Administration contributes a similar amount, thus matching the employee's deduction. As of October 31, 1953 the combined amount due by the Administration for Old-Age and Survivors Insurance on its employees is \$12.00.

Travel expense of the Secretary for the year under review amounted to \$85.40 or 1,220 miles of business travel at \$0.07 a mile incurred during August and December of 1952, and April, May, July and August of 1953.

Payments made to the U. S. Treasury totaling \$90.00 during the year and labeled taxes were accompanied by related returns referring to Old-Age and Survivors Insurance information on the Secretary. \$60.00 pertained to former years' salaries, while the current year's salary deduction and related expense accounted for balance of \$30.00. As mentioned on Schedule I, the Secretary's deductions of \$3.00 for the months of September and October, 1952 (salaries paid in October, 1952) together with related Administration's share will be reported on and paid in December, 1953.

The reduction of the premium paid in October of 1953 on the Treasurer's bond for the year ending September 12, 1954 has been previously referred to, and it is thought additional remarks need not be made.

Cash in bank at October 31, 1953, per Schedule I, amounting to \$3,600.07 was reconciled to the amount confirmed by the First National Bank in Lamar. Outstanding checks at the end of the year under review cleared the bank in November of 1953.

The financial position of the Administration at October 31, 1953 is compared with that of a year ago, in the following summary:

ARKANSAS RIVER COMPACT ADMINISTRATION  
Lamar, Colorado

Comparative Balance Sheets

	October 31, 1953	October 31, 1952	Increase (Decrease)
Assets:			
Cash in bank.....	\$3,600.07	\$3,446.95	\$153.12
Equipment (Portable Typewriter) .....	92.50	92.50	.....
Total Assets .....	\$3,692.57	\$3,539.45	\$153.12

Liabilities:

Employee's deductions (held in trust) .....	\$ 6.00	\$ 33.00	\$(27.00)
---------------------------------------------	---------	----------	-----------

Capital:

Unexpended fund balance.....	\$3,594.07	\$3,413.95	\$180.12
Expended fund balance for equip't	92.50	92.50	.....
Total Capital .....	<u>\$3,686.57</u>	<u>\$3,506.45</u>	<u>\$180.12</u>
Total Liabilities and Capital.....	\$3,692.57	\$3,539.45	\$153.12

Since the "Budget year" covers the period July 1, 1952 to June 30, 1953, it has been necessary to combine certain months of the past two "Report years" in order to compare actual expenditures with related budgeted amounts. The following summary reflects such a comparison in detail.

ARKANSAS RIVER COMPACT ADMINISTRATION  
Lamar, Colorado

Comparison of Disbursements With Budget  
Fiscal Year July 1, 1952 to June 30, 1953

Classification	Disbursements	Budget
Personal Services:		
Secretary salary (\$1,100.00 -\$6.00).....	\$1,094.00*	\$1,200.00
Taxes—O.A. and S.I. (Combined).....	64.50	.....
Gage reports .....	.....	500.00
Professional services (audit of accounts).....	75.00	100.00
Capital Outlay .....	.....	300.00
Maintenance and Operation		
Bond .....	50.00	50.00
Printing .....	500.00	600.00
Official publications .....	.....	100.00
Travel expense—Secretary and employees.....	47.60	150.00
Typing and mailing.....	6.00	200.00
Investigation and inspection.....	.....	150.00
Telephone and telegraph.....	239.19	300.00
Office supplies .....	.55	150.00
Totals .....	<u>\$2,094.84</u>	<u>\$3,800.00</u>

\*June's salary was not paid until July, 1953, so the excess of the budgeted amounts over actual disbursements of approximately \$1,700.00 is overstated by \$100.00. Salary expenditures have also been reduced by tax deductions not yet paid to the U. S. Treasury.

The Administration's Budget as approved in the Minutes of its Meeting of October 28, 1952, for the fiscal year July 1, 1953 to June 30, 1954, provided for the use of an estimated excess of \$1,400.00 of budgeted funds at June 30, 1953 to reduce the assessments from the States for the ensuing fiscal year. In like manner, the Administration has provided for an estimated excess of unexpended cash balance of \$1,400.00 at June 30, 1954 to be carried forward and affect a similar reduction in assessments requested from the States for the fiscal year July 1, 1954 to June 30, 1955.

Consistent with the Administration's policy as stated in last year's "Audit report," the Writer has been advised that a budget aggregating \$3,800.00 will be maintained, but any excess of amounts budgeted over actual disbursements will always be used to reduce the subsequent year's revenue assessment requests of the States accordingly.

Respectfully submitted,

ROBERT W. ROLLINS,  
Certified Public Accountant.

APPENDIX "C-1"

FINDINGS AND NOTIFICATION

by

ARKANSAS RIVER COMPACT ADMINISTRATION

April 2, 1953

WHEREAS, Article VF of the Arkansas River Compact which became effective on May 31, 1949, provides as follows:

"In the event the Administration finds that within a period of fourteen (14) days the water in the conservation pool will be or is liable to be exhausted, the Administration shall forthwith notify the State Engineer of Colorado, or his duly authorized representative, that commencing upon a day certain within said fourteen (14) day period, unless a change of conditions justifies cancellation or modification of such notice, Colorado shall administer the decree rights of water users in Colorado Water District 67 as against each other and as against all rights now or hereafter decreed to water users diverting upstream from John Martin Dam on the basis of relative priorities in the same manner in which their respective priority rights were administered by Colorado before John Martin Reservoir began to operate and as though John Martin Dam had not been constructed. Such priority administration by Colorado shall be continued until the Administration finds that water is again available in the conservation pool for release as provided in this Compact, and timely notice of such finding shall be given by the Administration to the State Engineer of Colorado or his duly authorized representative. Provided, that except as controlled by the operation of the preceding provisions of this paragraph and other applicable provisions of this Compact, when there is water in the conservation pool the water users upstream from John Martin Reservoir shall not be affected by the decrees to the ditches in Colorado Water District 67. Except when administration in Colorado is on a priority basis the water diversions in Colorado Water District 67 shall be administered by Colorado in accordance with distribution agreements made from time to time between the water users in such District and filed with the Administration and with the State Engineer of Colorado or, in the absence of such agreement, upon the basis of the respective priority decrees, as against each other, in said District."

NOW, THEREFORE, acting pursuant to the above quoted provision of the Arkansas River Compact, and in the exercise of the powers set forth in Article VIII of such Compact, the Arkansas River Compact Administration finds;

That, based upon the present quantity of water stored in, and anticipated release of water from, and inflow to, the John Martin Reservoir, the conservation pool thereof, within a period of fourteen (14) days from this 2nd day of April, 1953, will be, or is liable to be, exhausted.

NOTIFICATION; In further compliance with the above quoted provision of the Arkansas River Compact, the Arkansas River Compact Administration hereby notifies the State Engineer of Colorado as follows:

That, commencing on the 13th day of April, 1953, unless a change of conditions justifies cancellation or modification of this notice, he is required, under the terms of the Compact, to administer the decreed rights of the water users in Colorado in the manner and for a period of time determined in accordance with the provisions set forth in the above quoted Article VF of the Compact.

The above findings have been made, and notification thereof given, at a special meeting of the Arkansas River Compact Administration held at Garden City, Kansas, on the 2nd day of April, 1953.

W. E. LEAVITT, Vice Chairman.

Attest: HARRY C. NEVIUS, Secretary.

APPENDIX "C-2"

ARKANSAS RIVER COMPACT ADMINISTRATION

Principal Office . Court House  
Lamar, Colorado

July 13, 1953

Mr. M. C. Hinderlider,  
State Engineer,  
State Capitol Building,  
Denver, Colorado.

Dear Mr. Hinderlider:

This will confirm our telephone conversation July 13, concerning action of the Arkansas River Compact Administration and regarding water stored in John Martin Reservoir, which at 2:00 P.M. showed a gauge height of 3791.69 or 18,980 acre feet.

The Arkansas River Compact Administration finds this day that water is available in the Conservation Pool for release to water users in Kansas and in Colorado water district No. 67 as provided in the Compact, and notice is herewith given you, the State Engineer of Colorado, under the provisions of Article VF of the Arkansas River Compact.

Respectfully submitted,

HARRY C. NEVIUS, Secretary.

HCN:dn

cc: F. C. SNYDER, Division Engineer, Pueblo, Colorado.  
R. J. McGRATH, Water Commissioner District No. 67,  
Lamar, Colorado.

APPENDIX "C-3"

FINDINGS AND NOTIFICATION

by

ARKANSAS RIVER COMPACT ADMINISTRATION

July 17, 1953

WHEREAS, Article VF of the Arkansas River Compact which became effective on May 31, 1949, provides as follows:

"In the event the Administration finds that within a period of fourteen (14) days the water in the conservation pool will be or is liable to be exhausted, the Administration shall forthwith notify the State Engineer of Colorado, or his duly authorized representative, that commencing upon a day certain within said fourteen (14) day period, unless a change of conditions justifies cancellation or modification of such notice, Colorado shall administer the decreed rights of water users in Colorado Water District No. 67 as against each other and as against all rights now or hereafter decreed to water users diverting upstream from John Martin Dam on the basis of relative priorities in the same manner in which their respective priority rights were administered by Colorado before John Martin Reservoir began to operate and as though John Martin Dam had not been constructed. Such priority administration by Colorado shall be continued until the Administration finds that water is again available in the conservation pool for release as provided in this Compact, and timely notice of such finding shall be given by the Administration to the State Engineer of Colorado or his duly authorized representative. Provided, that except as controlled by the operation of the preceding provisions of this paragraph and other applicable provisions of this Compact, when there is water in the conservation pool the water users upstream from John Martin Reservoir shall not be affected by the decrees to the ditches in Colorado Water District 67. Except when administration in Colorado is on a priority basis the water diversions in Colorado Water District 67 shall be administered by Colorado in accordance with distribution agreements made from time to time between the water users in such District and filed with the Administration and with the State Engineer of Colorado or, in the absence of such agreement, upon the basis, of the respective priority decrees, as against each other, in said District."

NOW, THEREFORE, acting pursuant to the above quoted provision of the Arkansas River Compact, and in the exercise of the powers set forth in Article VIII of such Compact, the Arkansas River Compact Administration finds:

That, based upon the present quantity of water stored in, and anticipated release of water from, and inflow to, the John Martin Reservoir, the conservation pool thereof, within a period of fourteen (14) days from this 17th day of July, will be, or is liable to be, exhausted.

NOTIFICATION; in further compliance with the above quoted provision of the Arkansas River Compact, the Arkansas River Compact Administration hereby notifies the State Engineer of Colorado as follows:

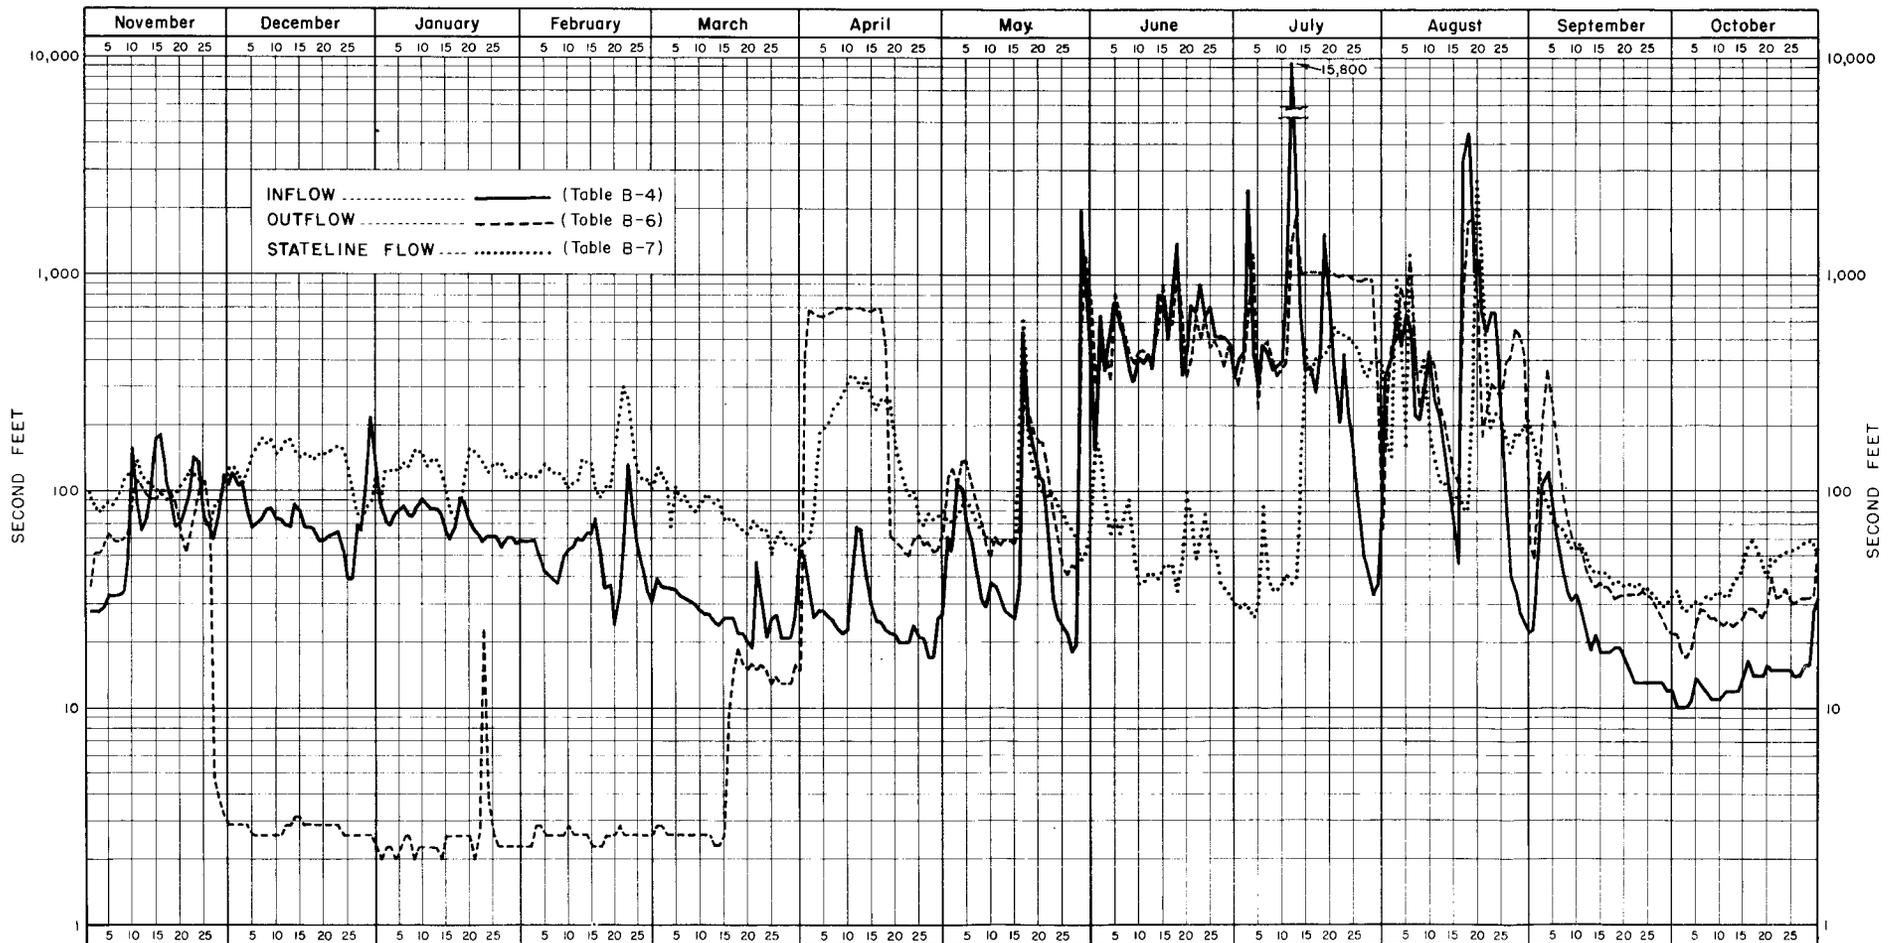

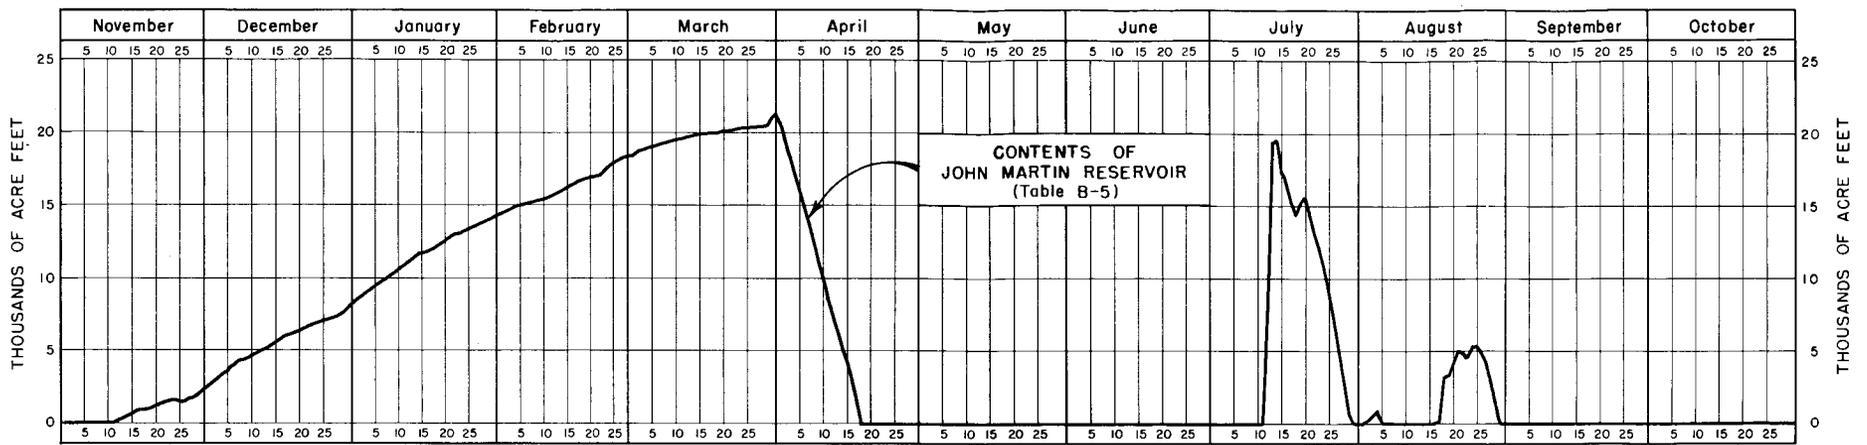

That, commencing on the 21st day of July, 1953, unless a change of conditions justifies cancellation or modification of this notice, he is required, under the terms of the Compact, to administer the decreed rights of the water users in Colorado in the manner and for a period of time determined in accordance with the provisions set forth in the above quoted Article VF of the Compact.

The above findings have been made, and notification thereof given, by the Arkansas River Compact Administration on this 17th day of July, 1953.

W. E. LEAVITT, Vice Chairman.

(SEAL)

Attest: HARRY C. NEVIUS, Secretary.
