2024 AOS REPORT - HIGHLIGHTS

- OS-AOS Meetings
 - April 17 (Garden City)
 - November 19 (Lamar)
- Milestone – ARCA annual meetings / First ARCA Annual Meeting was held on December 13, 1949
- John Martin Reservoir Accounts
- Kansas Release
- Pueblo Winter Water Storage Program

CY-2024

AOS Report has graph that shows more detail

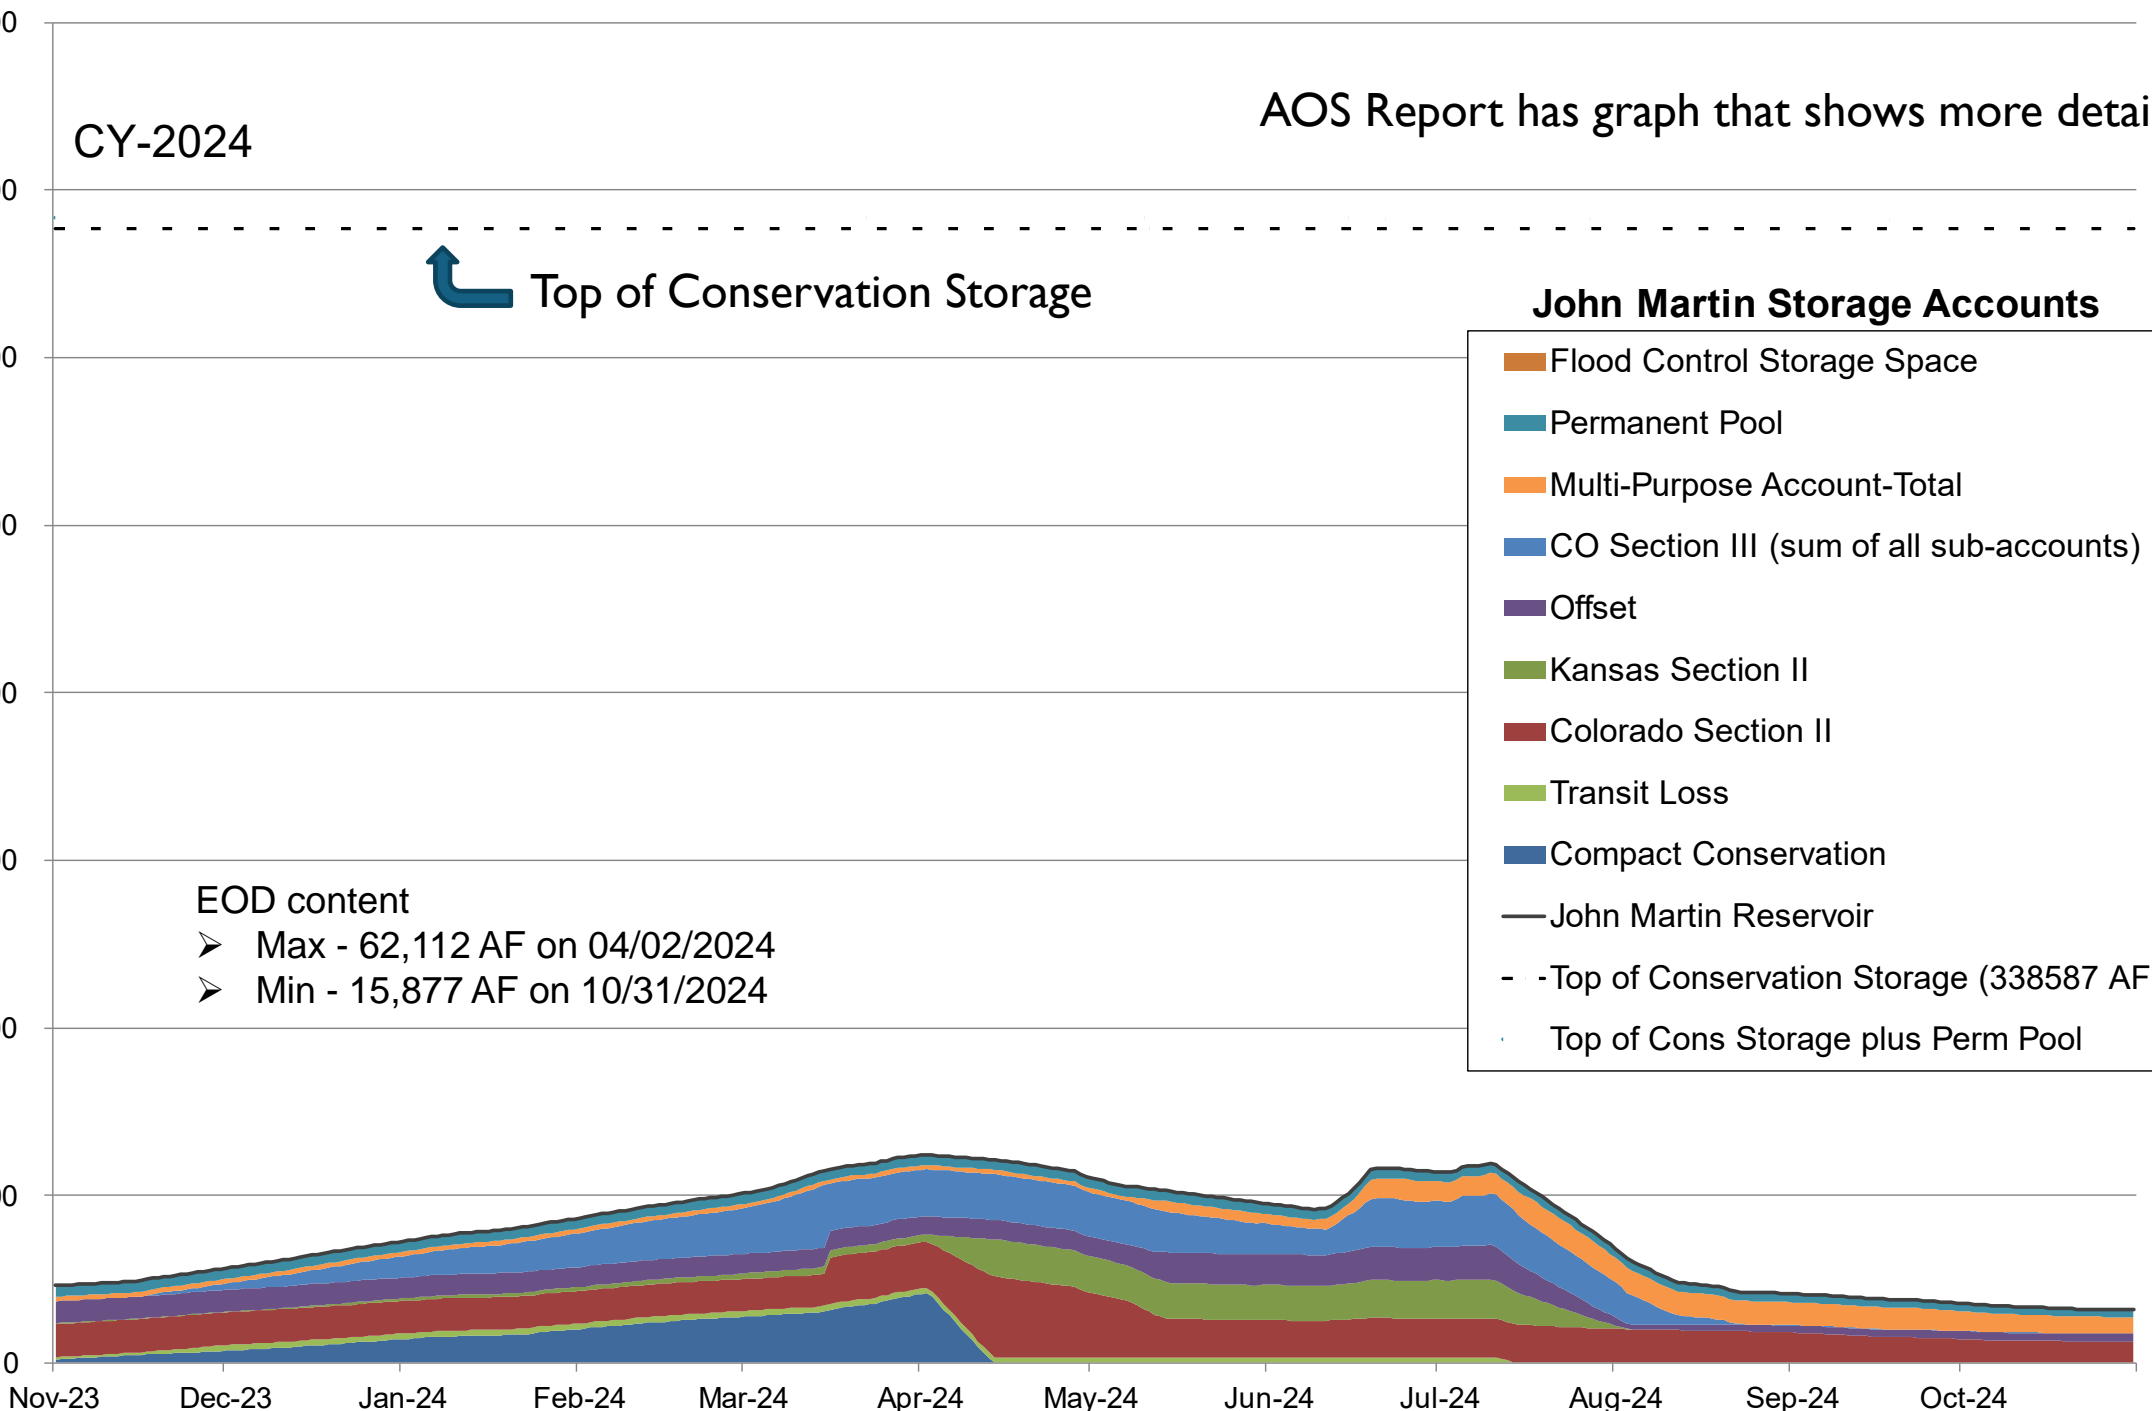

Top of Conservation Storage

Storage (Acre Feet)

EOD content
➤ Max - 62,112 AF on 04/02/2024
➤ Min - 15,877 AF on 10/31/2024

John Martin Storage Accounts

- Flood Control Storage Space
- Permanent Pool
- Multi-Purpose Account-Total
- CO Section III (sum of all sub-accounts)
- Offset
- Kansas Section II
- Colorado Section II
- Transit Loss
- Compact Conservation
- John Martin Reservoir
- - Top of Conservation Storage (338587 AF)
- · Top of Cons Storage plus Perm Pool

2024 AOS REPORT – KANSAS RELEASE

- Kansas had one combined Kansas Section II & Offset Account release
 - July 11th to August 4th
 - States agreed to release accounting
 - Still need to review how target flow at Granada is determined
- Weekly meetings w/LAWMA & Div 2 staff
- Table I was corrected and an updated AOS Report is available on the ARCA website

Corrected table

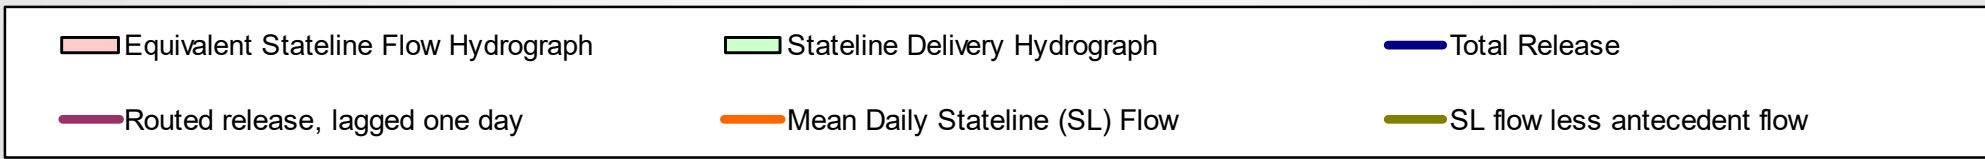

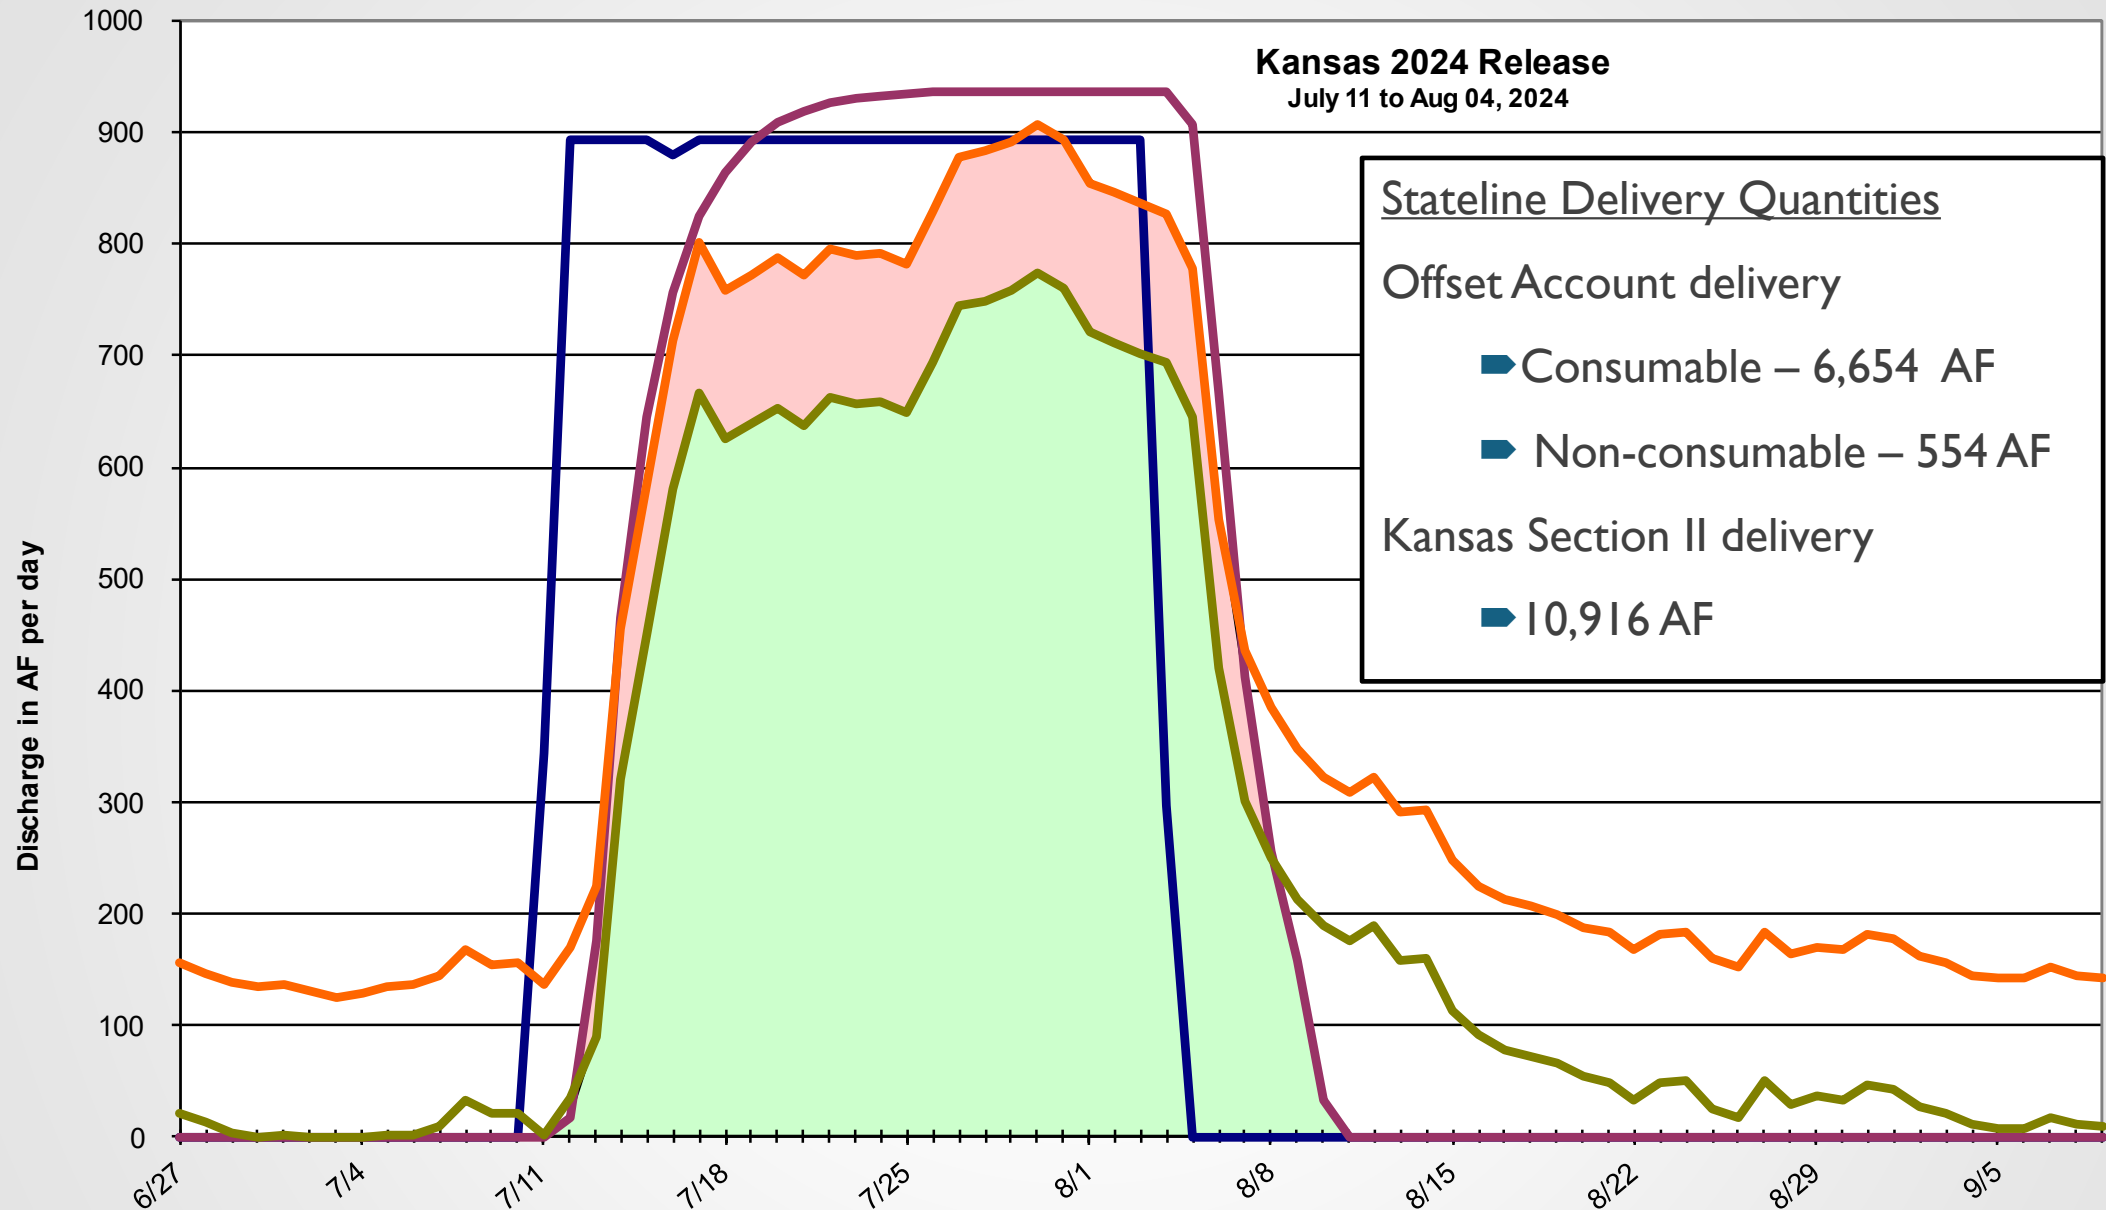

Kansas Section II Account Release (7/11-8/04/2024)	
Kansas Section II Account release	11,619 AF
Equivalent Stateline Flow (ESF) delivery	10,916 AF
ESF delivery efficiency	94.0%
Kansas Section II delivery	10,214 AF
Kansas Section II delivery deficit	702 AF

Kansas Section II Account Release (7/11-8/04/2024)	
Kansas Section II Account release	11,619 AF
Equivalent Stateline Flow (ESF) delivery	10,916 AF
ESF delivery efficiency	94.0%
Kansas Section II delivery	10,916 AF
Kansas Section II delivery deficit	702 AF

Offset Account Release (7/11-8/04/2024)	
Offset Account release	9,540 AF
- consumable	8,807 AF
- non-consumable	733 AF
Offset Account delivery efficiency	75.55%
Offset net delivery	7,208 AF
Offset consumable delivery	6,654 AF
Evaporation Delivery Credit	4 AF

Kansas 2024 Release

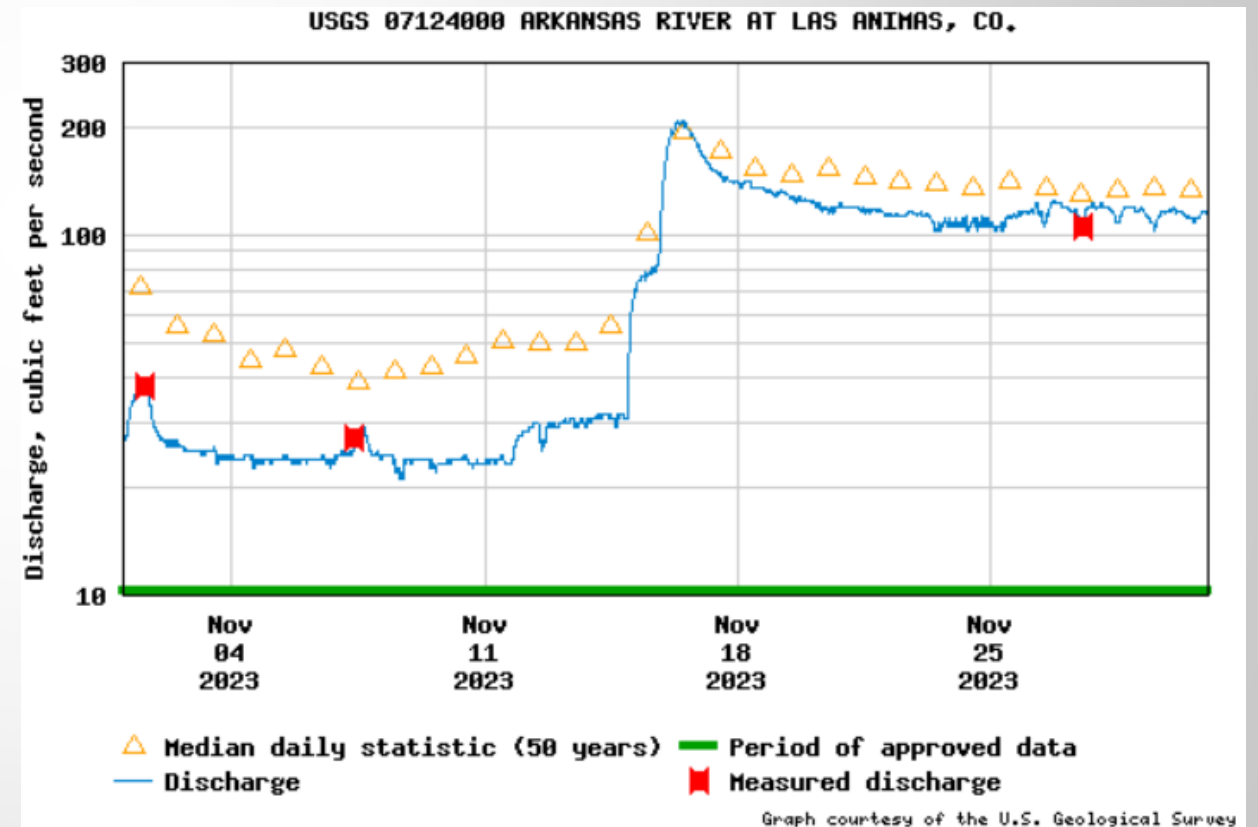

July 11 to Aug 04, 2024

2024 AOS REPORT – PWWSP

Pueblo Winter Water Storage Program

- Colorado installed temporary flow measurement gages on Consolidated wasteways
- Colorado worked with Kansas for CY2024 to determine base & enhanced flows
- Worked through an operational change that affected the split

THANK YOU

- Stephanie, Megan, & Andrew
- Rachel Zancanella & her staff
- Rachel Duran & Callan Izatt
- CO & KS USGS
- Corps
- USBR
